Dear Mr. Clements:

This letter is the final response to your December 19, 2017 Freedom of Information Act (FOIA) request. You requested a copy of the following:

1. All documents and attachments – including emails, memos and written plans – related to the receipt at U.S. Department of Energy sites, including the Savannah River Site, of nuclear weapons and Special Nuclear Material removed from North Korea.
2. All documents related to storage and disposition at U.S. Department of Energy sites, including the Savannah River Site, of plutonium and/or highly enriched uranium (HEU) received from North Korea, either in raw form or in the form of plutonium pits or HEU components removed from North Korean nuclear weapons or its weapons program.

Your request was originally sent to the Department of Energy Headquarters (DOE HQ) for processing. DOE HQ transferred your request to our office for processing and it was received in this office on January 8, 2018.

We contacted the Office of Defense Nuclear Proliferation (NA-20) about your request. NA-20 conducted a full search of all files and did not find documents responsive to your request.

There are no charges to you for processing your FOIA request. If you have questions, please contact Erica White by e-mail at erica.white@nnsa.doe.gov, or write to the address at the top of this page. Please reference Control Number FOIA 18-00077-EW.

Sincerely,

Jane Summerson
